

Assignment 1

- Study Nerson's paper on BON, and Hodge-Mock's paper of 1992 (both available on the course webpage). Compare BON to the Hodge-Mock Methodology based on the criteria introduced in Lecture 1.
- Compare the process of each of the following methodologies to the OOSE process (highlight the similarities and differences): RDD, Booch, OMT, and Fusion. You can refer to the following report for further information on these methodologies:
